**Attention: Tami Brewer**

**Re: Restriction of certain Hazardous Substances (RoHS) at Mittal Canada**

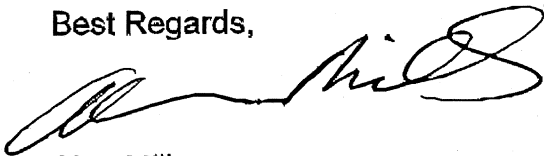

Dear Tami:

As per your request this letter confirms that Mittal Steel bans the use of certain substances, above the concentration levels noted in the table below:

Substance	Maximum Concentration
Lead - Pb	.1%
Mercury - Hg	.1%
Cadmium - Cd	.01%
Hexavalent Chromium - Cr (VI)	.1%
Polybrominated biphenyls - PBB	.1%
Polybrominated diphenyl ethers - PBDE	.1%

Please let me know if you need additional information.

Best Regards,

Alan Mills
